

# BACK PACK GAZEBO™

THE PERFECT GAZEBO FOR THE BEACH, PICNICS & SPORT EVENTS

The Smart Shade BACK PACK GAZEBO is the only pop up gazebo which folds up into an Ultra Compact carry bag, small enough to carry on your back, thereby freeing up your hands to carry essential items. Not only is our BACK PACK GAZEBO Ultra Compact once folded up, it is Ultra Lightweight, weighing in at only 8.1KG! The frame is constructed from durable powder coated steel which quality sliders and connectors

ing System located near the top of the roof inside. Simply push the Central Locking System up and it locks the entire frame and corner connectors in place. No need to move from one leg to another pushing in connectors. The same applies when you want to collapse the gazebo, simply pull down on the Central Locking system and the entire frame collapses with ease

The supplied UV Resistant Sky Blue rooftop is constructed from durable 190g lightweight water proof canvas with pre attached back wall providing greater privacy and wind resistance here by adding the finishing touch to an already impressive package. As with all our products, Smart Shade not only guarantees its products, but stocks spares and services its entire product range, providing unrivalled value in the long run.
